On the south edge of Shan-tou on the Niu-tien Yang.

Berthing facilities consist of 1 floating offshore wharf, 2 T-head piers, and 1 marine railway.

Installation consists of a possible patrol boat support area with an offshore wharf and a marine railway, a small multistory administration building, 3 probable maintenance/support structures adjacent to the marine railway, and 4 support buildings. Additional base facilities include probable administrative areas, an auditorium, several support buildings, and a parade ground/athletic field.

Approximately 4 miles west of Hai-kou.

Facility consists of 1 offshore wharf, 1 finger pier, and an extensive support complex with 3 multistory administration buildings and numerous smaller barracks/storage buildings.

25X1A

Adjacent to the naval installation is a large rectangular quayed area (Hai-kou Port Facilities) which could provide additional berthing and contains 4 large warehouses and 2 automotive cranes. A large POL storage facility is located immediately west of the naval base.
